Your Trusted, Independent Health & Medical Partner

Three Ways of Managing Cost & Care

Amaze provides a single, integrated solution, ensuring employees and their families never wonder who to call.

Our full-time team of medical and non-medical professionals provides responsiveness, continuity, and empathy that delivers unparalleled experiences. The result is utilization rates that exceed 50% in the first year, bending the cost curve for both employers and their employees. Amaze is designed to cut claims costs, increase population health, support prevention, and provide extraordinary care at the touch of a button.

1 Preventing Illness & Injury and Managing Chronic Conditions

- Health assessments
- Chronic care management
- Health and wellness education

2 Treating Illness & Injury When They Strike

Our priority is to keep people out of the system.

- Virtual urgent care
- Virtual mental health
- Virtual specialist guidance
- Virtual dental consultations
- Virtual workplace injury triage
- Virtual PT support

3 Navigating and Advocating When Traditional (Local) Care is Required

When we cannot keep someone out of the system, we send them in with a partner.

- Sourcing (quality, pricing)
- Guidance and navigation
- Visit preparation
- Advocacy (medical, insurance, billing)
- Follow-up support

Enter at any tier

Exit when ready

"Amaze has completely transformed how I approach my health, and I can already see the results in myself, and my changing habits. I get help with everything, from mental health to hormone and diet management. I truly feel like I get personalized support from the team that I work with. When I have a question about anything health related, Amaze is the place I go to first."

Rachel Barton, HR Manager
RedList, Pleasant Grove, UT

Amaze's priority is to increase urgency by providing the treatment and support people need, when they most need it, thereby reducing long-term demand on expensive treatment programs.
