Prescription, dental/vision, and preventive care savings

Members discover legitimate ways to reduce everyday healthcare expenses.

GoodRx — Prescription price comparison

Compare medication prices at participating pharmacies and find available coupons. Discounts and prices vary by medication and location.

Member value: Check cash-pay prices before filling a prescription.

Visit GoodRx

SingleCare — Free prescription discount card

Provides free prescription discount pricing through participating pharmacies.

Member value: Compare another discount option rather than assuming the first quoted price is the lowest.

Visit SingleCare

NeedyMeds — Medication assistance programs

Search for patient assistance programs, medication savings resources, and other help with healthcare expenses.

Member value: Find assistance options for medications that remain expensive even after discounts.

Visit NeedyMeds

HRSA Women's Preventive Services Guidelines — Preventive-care education

Learn about recommended women's preventive services and the guidelines used to inform coverage requirements.

Member value: Know which preventive services to discuss with a clinician and ask a health plan about coverage.

Explore women's preventive services

National Eye Institute — Eye health education

Free information about eye conditions, vision health, research, and protecting eyesight.

Member value: Understand common vision issues and learn when professional eye care is important.
