NextGen Care

Complete Care

Preventative Care Model by Recuro

A comprehensive and integrated preventative care model with primary care, behavioral health, and genomics to enable precision medicine.

Product Highlights

Integrated

Bringing together the best of preventative care, with a coordinated model that includes primary care and behavioral health.

Value-Based

A population health care model designed to improve health outcomes, reduce medical spend, and deliver top-tier member satisfaction.

Powered by Genomics

Optional genetic testing focuses on pharmacogenomics (PGx) and hereditary disease risk to tailor treatment to each person's needs.

- Dedicated Physician
- At-Home Labs
- Genomics
- Integrated Behavioral Health
- Chronic Care Management
- Health Risk Assessment
- Integrated Prescriptions
- Urgent Care

6:1
ROI

Did you know?

Targeted pharmacogenomic (PGx) testing can deliver a 6:1 ROI by identifying the right antidepressant, the first time.

Product Details

Dedicated Physician
Integrated, team-based care model with a Primary Care Physician 'quarterbacking' patient needs.

At-Home Labs
Lab tests are delivered to patients' doorsteps, easily returned to the lab in prepaid packages.

Genomics
Optional, targeted genetic testing to tailor medications (PGx) and identify elevated risk for hereditary conditions.

Health Risk Assessment
A comprehensive risk assessment covers physical and behavioral health, lifestyle, and other areas.

Chronic Care Management
Care teams identify and manage chronic conditions on an ongoing basis.

Integrated Behavioral Health
coordinated behavioral health model, with therapy, psychiatry, and coaching.

Integrated Prescriptions
Prescriptions are immediately sent to the patient's preferred pharmacy for easy pickup.

Urgent Care
24/7 urgent care access is included.

Sample Conditions Treated

- Prediabetes / Diabetes
- Hypertension
- High Cholesterol
- Obesity Management
- GI Tract Issues
